

Have you ever yearned to own a vineyard?

We're delighted to offer you the opportunity to join our Bigibila Wines family, by adopting a row of our established, abundant vines, nestled in the magnificent Pyrenees region. Grow with us, connect with the seasons, and enjoy elegant, complex wines yielded by our Estate's unique terroir. You'll be part of the journey from vine to wine, year after year.

Our Adopt A Vine members receive a host of benefits:

- One 12 bottle case of your wine to celebrate your adoption, and annually from that date.
- An engraved brass plaque for the end assembly of your row of vines. This might be in honour of a loved one, or a special event in your life.
- A seasonal progress report of your vines, including photos, so that you can track their annual cycle, from bud burst to the bottle. We'll share events like pruning, tying up, disbudding, grape picking, wine making and bottling.
- Unlimited tastings and visits to your vines each year.
- An annual guided tour of the winery.
